BRIEF ABSTRACT OF LETTER.

Requests Sanction to incur and permission to authorize, expenditure under the several Contingent heads (excluding Supplies and Services) up to the ~~lump~~ amounts provided in the budget, as, in the absence of such Sanction, the Comptroller refuses to admit the expenditure.

NOTES AND ORDERS.

Q.

In para 28 of Chapter II of the rules issued with G.O. No. Fl 1150-1192 & 7.2.03 the Senior Surgeon has been authorized to Sanction transfers of Contingent grants from one minor head to another within the same major head. 18-1901

In G.O. no: 8560-1 / med 29-11-2 of 15.5.12 it was directed that Sanction of Govt should be obtained by the Senior Surgeon for the transfer to any other head, of the budget provn under "Supplies & Services", his power being thus restricted.

3. Bedding & clothing are items falling under "Supplies and Services" and indents therefor require the Sanction of Govt when they exceed the amounts specified in G.O. no: H 2647-92 Genl Fin 112-06-1 of 9.10.1906. The Senior Surgeon states that the Comptroller has only lately objected to admit expenditure incurred on account of bedding & clothing required for the Victoria Hospl & the Lunatic Asylum without the Sanction of Govt.

4. The question of empowering the Senior Surgeon to Sanction indents for articles of bedding & clothing required for med institutions was recently discussed in med file 5-14 J. nos 1/14 and it was considered unnecessary to alter the existing practice and exempt the Senior Surgeon from the operation of the rule laid down in G.O. of 9th Oct 1906.

5 The notes by the Financial Branch in med file 29-11 do not favour the grant of the general ~~exemption~~ permission sought to

12 The Senior Surgeon's request seems reasonable. He prays for permission to incur and sanction expenditure under the several contingent heads (including Supplies Services) up to the Budget limits. In support of his claim it must be stated that there is a long usage of incurring the expenditure without the previous sanction of Govt. If the existing rules are enforced, the Senior Surgeon will have to apply for sanction in a number of cases, and in the absence of proper materials for checking this work, they will have to be sanctioned as a matter of course. The Financial Secretary's Branch have noted that as no inconvenience is reported to have followed, the existing orders may remain.

13 I think it is necessary to delegate the power - to require every case of expenditure or supplies & services exceeding the limit of Rs 10/25- to come up to Govt will unduly increase the work of the Secretariat while in many cases the delay may lead to serious consequences. Sir,

In forwarding herewith copy of Comptroller's docket No. 3482/T.A.M. 861 dated 7th November 1914, I have the honor to request that you will be so good as to obtain the sanction of Government authorising me to incur and sanction expenditure under the several contingent heads (including supplies & services) up to the budget limits, as in the absence of such sanction the Comptroller refuses to admit the expenditure.

2. Although the practice of incurring expenditure under the above heads without the previous sanction of Government, with the exception of the items Bedding & Clothing & Furniture, has the sanction of long usage, yet the Treasury Manual is silent on the point of the powers of the Senior Surgeon and this has led the Comptroller to require me to obtain the explicit sanction of Government, which, I request may be kindly accorded as early as possible

SIR,

With reference to your letter No. 4577/Med. 59-14-3 dated 10th December 1914 enquiring why objection was not taken by this office for the purchase of articles of bedding and clothing for certain medical institutions without Government sanction, I have the honor to state that as will be seen from Appendix D, Volume II, of the Mysore Treasury Manual the powers exercised in the matter of purchases by heads of Departments and other officers are laid down in a very large number of detached Government Orders which were not brought together in any place before the compilation of the Mysore Treasury Manual. The exercise of audit check was therefore difficult in this respect and depended to a great extent on the memory and knowledge of these orders of individual auditors. When once a practice settled down for a long time, as in this instance, the likelihood of its being challenged was remote. One of the main benefits derived from the compilation of such Manuals as the Mysore Treasury Manual is to systematize matters and bring such cases to notice and the objection against the long-standing practice thus came to be taken after the Manual was
